Recent Operations

An Associated Press story tells of a contract let to Baltimore to build a new type of tank. The story goes on to tell that the new tank will be used for testing armor-piercing equipment. The army could save a lot of money if they could come down and test the armor-piercing equipment of the highway between Pahokee and Belle Glade. A tank that would stand up after a test run would be a great piece of armor. The company that built the tank would get an army order. I was wondering about a test run to describe the tank's armor. That's it—armor.

With telephone wires throughout the county jammed all day long with calls—it begins to look like the government might have to do something about it. That is, they may have to unless the situation is relieved by civilians. The Southern Bell Telephone company is spending good money for advertisements in which they ask the co-operation of the public. The company suggests that the use of only the "necessary long distance calls" be brief. Stay near your phone after you have placed your call. Whenever possible, call by number. Avoid unnecessary calls. These suggestions are a few of the things which will help the situation. Will you do your part?

Since the Pahokee-Canal Point Railroad Board established regular hours the public has learned to take advantage of these hours. The office is open from 2 p. m. to 5 p. m. on Monday, Wednesday and Friday. Members of the board are getting their work done in an efficient manner and all concerned are happier.

The two weeks removal of rules must not be put in place when school starts. The healthy condition of the country and absence of contagious disease may make working of the rules unnecessary, according to county officials.

LABOR: Another crop season is just around the corner and food will be needed to harvest it. Growers, who stand idle and make no arrangements for labor, will be the first ones to howl when a scarcity develops. NOW is the time to prepare for the coming month. Houses for labor should be repaired. The shacks and hovels occupied in past years by colored help should be rebuilt and made enticing, so that those who must live in them for nine months.

It looks like Broward county officials are taking it on the chin. First it was the removal of rules. Now it is the removal of rules. Walter Clark, now a state auditor, is in charge of the county commission. Their reply is that the state audit is under way. That the county commission is composed of a splendid group of fellows—there is possibility of some new faces may gather in monthly session of the board. One can never tell what is going to happen these days with the "Tallahassee" cleaning clean—in spots.

Gasoline consumption is down. Gasoline is off. It looks like the new session of the legislature, with less delay. Fellow, who sought work at the hands of the state legislature, in order that they might assist in straightening out the affairs of state, may find they have never been elected before the 1943 session becomes history. Legislators are going to have a man stand job conference in Palm Beach county will be represented in Tallahassee next

Mail Addressed To Hubert Geiger Is Being Returned

Whereabouts Of Pahokee Youth Unknown To His Mother

All letters and packages addressed to Hubert Geiger in the Philippines Islands and sent to him for the past several months are being returned to the sender. The return of this mail has given rise to thought that Hubert has been socially reported missing in action. Up to Wednesday night, however, his mother, Mrs. W. D. Geiger of Pahokee had not received word from the government in regard to Hubert and felt that he would safely return home some day.

Young Geiger, a graduate of Pahokee High School, enlisted in the army in April, 1941 and was sent to the Philippines in the fall of that year shortly before the outbreak of the war. He had a letter received from him by his mother was dated Feb. 12, 1942 and reached here through Eastern mail. The letter was written from Hubert, sent in a cablegram after the letter was written read, "Still Kicking. No Jap won yet that can kick me."

Mrs. Geiger also has another son in the armed services. He is P. A. Geiger who enlisted in the Navy Reserve in January, 1942 and is in training as chief mechanic at Brier, Wash.

Entertains For Mrs. H. T. Williams

Mrs. W. H. May entertained Saturday evening at a stock shower in honor of Mrs. H. T. Williams. Many lovely gifts were received by the honoree and bridge prizes were awarded to Mrs. J. M. Elliott, high score; Mrs. R. E. Johnson, Jr., second high; Mrs. E. L. Pope, low and Mrs. F. M. Cunningham, cut prize.

Other invited guests were Mrs. Mary Louise Jackson, Mrs. Marion Bloech, Mrs. W. E. Pope, Mrs. B. S. Waring, Mrs. P. M. Cate, Jr., Mrs. Robert Chamberlain, Mrs. Rupert Mock, Mrs. Lewis Friend, Mrs. Dorsey Pugh, Mrs. Archie Harris, Mrs. J. T. Fugua and Mrs. P. Paul deJoy.

JORDONS TO VACATION IN AVON PARK

Mr. and Mrs. Paul Jordan and son, Dale, will leave this week end for Avon Park where they will spend their vacation with relatives. They will return to Pahokee and re-open the jewelry store on August 27th.

CS&C BUYS SECTION 35

Filing of warranty deeds in the county house show that the U. S. Sugar Corporation recently purchased Section 35, Township 41 South, Range 32 East. The new land was purchased from Mr. and Mrs. F. J. Watkins and the south half from Mr. and Mrs. Herman J. Prime.

NOTICE TO THE RESIDENTS OF PAHOKEE:

Pahokee, Florida, August 8, 1942. We are just beginning in a small way to realize that we are at war. We, as citizens of Pahokee as well as citizens of all other parts of the United States, must realize that certain requirements must be met.

One of the most important requirements is the Blackout requirement. The Town of Pahokee as well as all other incorporated towns and cities has passed an ordinance enforcing the Blackout order. This requirement was first made by the United States War Department and we must carry out their orders. This ordinance carries a fine of \$500.00 (five hundred dollars) or 60 (sixty) days in prison or both, therefore it will be necessary to enforce this ordinance from now on. I am asking that the people cooperate with us. Let's make it one hundred percent. All business houses must arrange switches so that the local police and Air Raid Wardens can turn out the lights without entering the buildings. Thanking you in advance for your service and cooperation, I remain

Sincerely yours, B. McCLURE, Mayor of Pahokee

Prospects Bright In Lee County

Agricultural prospects for this season in Lee county are "about the same" in spite of the war, County Agent Carl Heuck said yesterday. Although farmers hope for slightly higher prices for winter crops, a possible labor shortage is expected to keep planting down to the approximately 3,500 acres tilled last year. However, Mr. Heuck indicated that Lee county may go in for heavier planting of potatoes than usual. Price ceilings have not been placed on farm produce except for a few things such as honey. Local demands for truck crops have increased this year and many farmers and town gardeners will set out more vegetables than in previous years. The Lee County and the Fort Myers Canning companies plan to continue operations as usual. Any transportation problems are believed solved by the fact that freight trains which are delivering materials to the numerous camps and industries in Florida have been forced to return north without a full load. These railroads will welcome produce on the return trips, Mr. Heuck said. In October the citrus groves will start their season and will be followed by winter vegetable crops. Little change is in prospect for the local industry, Mr. Heuck indicated, although there was some talk last spring of turning flower planting into vegetables. No serious shortage of fresh vegetables in the country is in prospect, and the gladioli growers do not look for any serious transportation troubles. Likewise, planting every year is desirable as the bulbs multiply in the ground. Last year there were nearly 1,000 acres of flowers planted in Lee county. Farmers this month are beginning to make their seed beds in preparation to putting out their plants. The bulk of the crop will be peppers, tomatoes and eggplant. And it is hoped that the reduction of the number of men employed at the gunnery school shortly will increase the amount of labor available to the farmers. With a sharply increased demand for meats, the production of poultry, pork and beef is expected to increase here.

Communication

Wagoner, Ill., Aug. 7, 1942 Dear Friends: We sure are having lovely weather here. Showers and cool nights. We left P. B. at 6:30 p. m. and arrived in St. Louis next evening at 8 p. m. Hot is no name for it.

Tell V. C. I'm sitting at a desk. I don't want to tell you my identification cards before I left home. Tell John Bolton, the only questions asked had to do with my proper seat. Those FBI men can judge pretty well who they want to question. For the editor's information they serve lovely ice water on the streamline. Tell the farmers there are a million blackbirds in this little town. I know. I counted them. Pinned on drained land. Balance, drowned out. Wheat crop a failure in this locality.

Hard to rent a car. Will bring mine next time. Plenty to eat when we are invited out. Hope Mr. Howell is okay. Your friend, W. J. Rimonson.

ELLIOTT FUNERAL HELD

Funeral services were held in Lake Worth yesterday for Joseph B. Elliott, who died Monday from injuries received when his car was struck by an SGL train in West Palm Beach. Mr. Elliott was well known in the SGLs, having been a former owner of the Elliott-Young Truck line which operated here for years before the Tammam Trails Tours took over.

Miss Carolyn Jane Hudson, daughter of Mr. and Mrs. G. V. Hudson of Canal Point, has arrived for the Florida Southern college 1942 fall term, it is announced by Registrar Kathryn McLean. Miss Hudson is rated as a sophomore. The fall term begins September 14 with freshman registration.

Drivers Licenses For Next Year Will Go On Sale Aug. 20

Every Driver Must Have Permit On Or Before October 1st.

Automobile drivers licenses for 1943—every driver must have one—will be offered for sale by County Judges beginning August 20th. Present licenses expire September 30th, and new licenses must be obtained by that date. No extension will be granted. Director J. William of the Department of Public Safety, cautioned all drivers that they should take the 1942 licenses to the County Judge when they apply for the new permits. Information on this license will be transferred to the new license, thereby saving time for the applicant.

W. B. Lindsay, Supervisor of the Drivers' License Division of the Department of Public Safety has sent detailed instruction to County Judges for handling the new licenses. The operators and chauffeurs' licenses will have blank space for numbering, Lindsay said, and an applicant who appears in person to have his old license renewed must produce either the original or a duplicate so the number can be copied from it before a renewal can be issued. Otherwise he will be required to take the examination and give his old number by the Department. In issuing a renewal license, the County Judge will require the applicant to sign the certificate in which it is stated that there has been no change in the applicant's mental or physical condition during the year.

Two Fish On One Hook Is Record

The piscatorial editor of this newspaper has heard a lot of fish stories in his time. He has heard of catching two fish on one hook. But not until yesterday had he heard of catching two fish on a single hook.

It was happened when Frank Friend, Lewis Friend, Bud Wroten and Crawford Mock went fishing at night at Starvo. It seems the boys were out with their line when Bud caught a snapper and a lady fish on the same hook. The fishermen had plenty of luck that day. More than 80 pounds of dressed fish were caught and brought home, one of the group reported.

Citizens Urged To Attend Meet

All persons in the Pahokee-Canal Point area who took the defense training course and who are interested in fire prevention are urged to attend a mass meeting at the Pahokee High School this Friday night at 8 o'clock at which time a new and improved method of fighting incendiary fire bombs, entirely different from the present method, will be demonstrated.

RONALD WARE SERIOUSLY ILL AT WEB HOME

Ronald Ware, known to many Glens residents as seriously ill at his home in West Palm Beach. Little hope is held for his recovery, according to some of his close friends. Mr. Ware has been connected with the Florida Division corporation for many years.

SON ARRIVES

Mr. and Mrs. S. C. Price announced the arrival of a son at the E. J. H. Memorial hospital on Tuesday, August 11.

HOME FROM VACATION

James "Big Jim" Myhill returned to his job in the Canal Point pool room on Monday after spending the past three weeks with friends in Pensacola.

ANOTHER RUMOR SPKED

(By Paul Rardin, Member of the Education, Information and Morale Committee of the Pahokee-Canal Point Defense Council)

On Wednesday of this week a rumor was bruited about the streets of Pahokee and Canal Point to the effect that John Kautz, dairy operator at Port Mayaca, had been picked up by the Federal Bureau of Investigation, charged with having a short wave sending set. It is my duty, as a member of the above committee of the defense council, to track down all rumors and get to the bottom of the thing and find out the facts. Mr. Kautz was stumped when he was told of the rumor and assured me that the rumor was unfounded. After consulting members of the defense council and making necessary investigations those of us on the above committee are convinced that the rumor was nothing more than malicious intent to discredit Mr. Kautz in the community. The next time you hear a rumor—instead of spreading it to the four winds—I'll consider it a favor if you'll come direct to me and report it. I'll see to it that a thorough investigation is made. Guilty parties will be apprehended and innocent persons will be exonerated. The paroled and innocent persons on which I serve has full and complete instructions in regard to handling such cases. It's your duty to report the rumors to our committee. But, isn't the thing to do to report the rumor until facts have been ascertained? Your co-operation in this matter will be appreciated and reputations may be saved if you'll do a little serious thinking before you pass a rumor to your friends.

A FEW FACTS ABOUT JOHN KAUTZ AND HIS FAMILY

John Kautz, according to his naturalization papers and his birth certificate, inspected by this writer, was born February 11, 1896, in Saratofski, Russia. He is a naturalized American citizen. Mrs. Kautz was likewise born in Russia, according to the naturalization papers. It might be interesting to note that Henry Kautz, dairy and corps man stationed at Tampa. Another son, Johnny, has just returned from Miami where he made application for entrance into the United States Marines. Another son, Roy, "Pablo," is in defense work in Carolina.

Minister Speaks At Rotary Club

Rev T. A. Ferguson, pastor of the Pahokee Methodist church was the guest speaker at the weekly meeting of the Rotary club yesterday. His address was centered around the topic: "Cooperation." O. McChesney, visiting minister, Otto Bleck and T. L. Burns were in charge of the program.

Lee Approves Tax Rolls

TALLAHASSEE, Aug. 13.—Rolls of 50 counties already approved by Comptroller J. M. Lee indicated a probable increase of \$35,000,000 in assessed valuations of Florida property this year. This would bring the statewide total to \$2,161,000,000 against \$2,126,000,000 last year.

Lee said (Miami) that he expects any other county and its \$500,000,000 roll—already approved in the first time a "Florida" roll ever exceeded half a billion dollars in assessed valuation. Counties already approved indicated an increase of \$41,000,000 in personal valuations, \$11,000,000 in personal property, and \$7,000,000 in non-exempt real estate, the comptroller's office said.

Ed-Jensen Will Return To Pahokee

Mrs. E. A. Jensen and children went to Delray Beach Thursday to spend the week's vacation with the family. Mr. and Mrs. Arch Blakey, they will be accompanied home Sunday by Mr. Jensen, who will resume his duties as postmaster at Pahokee Monday after spending a six-week vacation in Delray Beach.

REMODEL CAPE

The Pick Wick cafe, owned and operated by Pick Wick and Mrs. C. G. Schaez, is closed for the remainder of the month of August. The cafe will be remodeled and reopened on the 1st of September. It is opened again around the first of September.

VISITS IN JACKSONVILLE

Mrs. Cornelia Scott, Pahokee, is spending this week in Jacksonville visiting friends and relatives. She will return to Pahokee August 15 to open her music studio.

Bible School Will Open In Canal Point Monday, Aug. 17th

Baptists And Methodists Will Join For Annual Meeting

The Daily Vacation Bible School of the Baptist and Methodist churches will begin Monday morning, Aug. 17 at 9:00 o'clock. The period of study and exercises will be two and a half hours in length. All the children and young people from the age of four to eighteen are invited to come to this school. A transportation committee has been appointed to work out ways and means for both the pupils and the school in hand.

The faculty is as follows: Rev. B. E. Jordan, principal; Mrs. Pratt Pope, assistant principal; Miss Mauda Harrison, secretary; Miss Caroline Jane Hudson, treasurer; Mrs. C. W. Hudson and Miss Eleanor Chastain, pianists; Mrs. Doherty, chorister. The school will be in charge of the various classes: Hand work: Mrs. Santee, Mrs. Stewart, Mrs. Hart, Roy Pope, Dick Bordeaux. Beginner Dept.: Mrs. Lenon, Leader, Miss Sadie Jordan, Eleanor Chastain, Martha Stokes, Marjorie Stokes. Primary Dept.: Mrs. E. M. Holland, Leader, Mrs. Chastain, Mrs. Williams, Mrs. Dopp, Mrs. Hudson. Intermediate Dept.: Mrs. Jordan, Leader, Mrs. Bordeaux, Rev. Doherty.

Mrs. Elliott Resigns As WSCS President

The resignation of Mrs. B. Elliott as president of the Pahokee Methodist Women's Society of Christian Service because of ill health was accepted with regret by members of the Society at a meeting in the church auditorium Monday night. Mrs. Elliott's term of office would have expired in January.

Celebrates 10th Birthday

Mrs. J. C. Berry entertained last Wednesday afternoon with her daughter party on her tenth birthday anniversary. Following the playing of games and a winter roast on the back lawn, Jerold and his friends enjoyed the show at the Prince theatre.

Miss Dorothy Sullivan is visiting her grandparents in Sarasota this week.

Mrs. Carl Carter and children of California spent this week here as guests of Mr. and Mrs. Roy Segre and Mrs. Bertha Staring. They left Thursday for West Palm Beach where they are visiting Mrs. Carter's mother.

B. Elliott Has Trouble Walking

B. Elliott is having some difficulty moving about these days due to a sprain of the right leg. He is in the hospital in Jacksonville in quick succession. First a car ran over his big toe driving the toe nail deep into the flesh and a few days later while inspecting cattle on his ranch a fractious heifer kicked him on the ankle of his other leg.

TO OPERATE SHOP

Mrs. Kitty Sasser has bought furniture for her new home and will move the equipment to her home in Pahokee where she will be equipped to serve her many friends and patrons in the beauty line.

WANTED: A ladies bicycle, should be in good condition, call 2011 in Pahokee.

LABOR SHORTAGE

Poll county is facing the probability of an acute labor shortage and employers are taking the wise course of tackling the problem before it arises. Some industries already have begun to feel the effects of large numbers of men going into military service or civilian war work, but the most serious section is expected to be reached when citrus harvesting time arrives.

"Thousands of workers will be needed to help get the fruit from the trees and on their way to market, and D. B. Kibler, Jr., who owns extensive cattle interests, has estimated that at least 2,000 cowboys will be needed throughout the state when winter arrives. The problem is more serious than it appears on the surface, for if there is an inadequate supply of labor, major industries that are bedrock bases of Florida economics can suffer a damaging setback that would be felt by the state generally."

No completely satisfactory solution is in sight, but we like those who met in Barter yesterday are setting out to give the problem close study. It is well worth noting that at least two of the men who took part in the discussion yesterday called attention to the large number of men who spend much of their time loafing at job joints instead of producing. Some of the men work only two or three days a week and spend the remainder of their time at the joints, it was pointed out.—Lakeland Ledger.

CAUGHT IN THE DRAFT

A fellow who had worn a truss for eight years was lately rejected by his army medical board. Later in the day he was relating his experience to a pal.

"Say," says the pal. "Could you lend me

that truss tomorrow? I gotta get examined myself, an'—"

The deal was made and next day the pal appeared before the same doctor. Again the medical wanted to know how long the truss had been worn.

"Ten years," was the reply.

"Okay. Put on your clothes," says the doc. "I'm marking you N. E."

The would-be evader dressed and then, his curiosity getting the better of him, he approached the doctor. "Say," he remarked. "I don't want to be unduly inquisitive, but what's that N. E. rating you gave me?"

"Immediate duty in the Near East," says the medical. "Any woman that can wear a truss upside down for 10 years can ride a camel."—Investment Dealers' Digest.

CHURCH GOING

There are individuals in every community, including Key West who take pride in their aloofness from organized religion although fully conscious of some very definite beliefs.

We have no criticism of this attitude if it represents real independence and the inability to give acquiescence to the tenets of any available church. When it is based on a conviction that the individual is not good enough to belong to any church, we think the man or woman is making a mistake, even though we recognize the provocation that comes from the church members who are always ready to tell everybody else what to do and how and when to do it.

If all of us would frankly admit our own imperfect nature and realize that organized religion is, at best, only a human instrument to serve human beings and if all church members, however sanctified they may consider themselves, would exhibit greater tolerance to others, the way would be open to greater growth of church membership.

Truth of the matter, the failure of some individuals to go to, and belong to, some church, where distinct personal and social gains can be secured, is not to be blamed entirely on the absent individual. This thought might sound like treason to some devout readers, but a little thinking on the subject by reasonable church leaders might bring results.—Key West Citizen.

TO LATE TO CLASSIFY

By Russell Kay

I had known him as a gangling, bantam, barefoot boy and hadn't set eyes on him for years. He came to my office four months ago, a husky, young man, sun-tanned, rugged. I didn't remember him at first.

He apologized for troubling me and for his appearance; he was in working clothes. He had come to ask a favor and was clearly ill at ease. Since I had last seen him he had married and now had a child, with another on the way. With no special training, he was in the class we know as "common laborers" and he was out of work and in debt.

He had been trying to get work at the Tampa Shipyard. They would have to join the union and shipyard officials told him he would have to see the business

agent of the International Hod Carriers and Common Laborers Union. He went to the union headquarters where a negro in charge told him he would have to pay an initiation fee of \$10.10. That was what he had come to see me about. He had even the ten cents let alone the ten dollars, and he asked me to lend it to him so he could get a job.

I loaned him the money, giving him my check for \$10.10, and told him to get a receipt. He returned to the hall, and the negro (who carried the title of Assistant Business Agent) with the check I had given him. He was given a printed receipt of the International Hod Carriers and Common Laborers Union, which proved to be, un- dated and for \$10.00 - not \$10.10. The negro signed the receipt. He was told he would receive a book

later. The receipt carried the words "Working Permit."

He expected to go to work the next day, and after expressing his gratitude to me he rushed home to tell his wife of his good fortune. Several days went by and I assumed, of course, that he was on the job. Then he came again to my office. He was mentally sick with worry. He had been to the union hall time and time again only to be told there was no work—they weren't putting anybody on.

Picking up the telephone, I call to the hall, and the negro (who found out what the trouble was. A surly voice answered and when I explained the situation was advised that "Just because a guy joined the union didn't guarantee him a job" - and who was I, what business was it of mine anyhow?

After all, I reasoned, who was I

Dr. Miles Effervescent Nerve Tablets

NO ONE likes to lie awake, yet every night thousands toss and tumble, count sheep, worry and fret, because they can't get to sleep. Next day many feel dull, lousy, headache and irritable.

Has this ever happened to you? When it does, why don't you do as many other people do when Nerves threaten to spoil their rest, work, enjoyment, and good temper—try

Dr. Miles Effervescent Nerve Tablets

Dr. Miles Effervescent Nerve Tablets are a combination of mild sedatives proven useful for generations as an aid in quieting jumpy, over-strained nerves.

Your druggist will be glad to sell you Dr. Miles Effervescent Nerve Tablets in convenient small or economical large packages. Why not get a package and be prepared when over-taxed nerves threaten to interfere with your work or spoil your pleasure.

PATRONIZE THE ADVERTISERS

NO NEED to get upset, Miss, but it's a fact that when your present car gives out you'll have to walk.

So here's a tip: You can help postpone that day by letting a Sinclair Dealer prolong the life of your car. To do this job, Sinclair Dealers have developed a special Sinclair-Ize service that makes cars last longer.

Just as American railroads, airlines and the U. S. Army use Sinclair lubricants to save wear on vital transportation equipment, so can Sinclair Dealers use specialized Sinclair lubricants to save wear on your car.

Ask a nearby Sinclair Dealer about this special service today. You'll find that Sinclair-Ize service can save you money and worry, too.

"THE HARDWARE STORE"

FRED MACMURRAY TAKES A BROTHERLY INTEREST IN Mary Martin until Robert Preston comes along in "New York Town". Showing Sun-Mon., August 16-17 at the Everglades theatre and Tuesday, August 18 at the Prince theatre.

'NEW YORK TOWN' PROMISES PERFECT MOVIE VACATION
"New York Town," is a gay comedy of life in the Big Town—especially among those folks who make up the majority of the city's heartbeats.
Fred MacMurray appears as a

gives him some competition.

Intent on proving to Mary that one doesn't have to be loaded down with gold bricks to enjoy the better things life offers in New York, Fred introduces her to his ingenious circuit of entertainment. His technique in showing her a good time consists of crashing fancy bon voyage parties aboard luxury steamers, launching at department store food demonstrations and—for good measure—making the rounds of radio station quiz programs where, with a little cheating, they win a \$54 prize.

Under the direction of Charles Vidor, the film spotlights the great, cross section of the metropolis—how they live, laugh and love. There are heart-throbs and heart-aches aplenty, but as elsewhere, love can always be depended upon to conquer all.

Besides the romantic trio, the all-star cast includes Akim Tamiroff, Lynne Overman and a long parade of familiar faces who make "New York Town" seem as alive and real as any movie vacation can be.

Humphrey Bogart plays the role of a three-time loser who makes a last attempt to regain his lost power in "The Big Shot." Showing Wed-Thurs., August 19-20 at the Everglades theatre and Friday, August 21 at the Prince theatre.

TRUST 'BIG SHOT' TO DO UNUSUAL IN PRISON BREAK
Humphrey Bogart has escaped from prison before but never in such company. He flees the grim

Citronella Grass or Quinine

MAN IS OF LITTLE IMPORTANCE in the life of a female mosquito, the only kind that drills a hole in a human being. But if offered a choice of men, she would rather have a bird or a dead mouse. And for real pleasure she loves to bite a bear—on the eyelid.

But few mosquitoes of the dangerous malarial-bearing kind have a chance to bite a bear on the eyelid or any other place. So, when the mating season in the swamps is over, the female mosquito goes for red blood she will get

hold of the nearest creature, usually a human being, and like it. Strangely enough, nature has protected us by creating a surinamian against mosquitoes in the form of a certain kind of grass that grows in Venezuela. This grass, known as Citronella, was discovered only a short time ago.

The great crisis of a large part of Venezuela is malaria. This disease keeps the population down to 4,000,000. Malaria-bearing mosquitoes swarm in billions during the rainy season. The malaria agent, which these mosquitoes will kill off

countless thousands of people were it not for the strange grass. This drives away mosquitoes by means of an oily substance which has a peculiar odor disliked by the sticky lady mosquito. Hardly a mosquito ventures into a pasture of this grass. The odor is pleasant to human beings, but the tastes of men and mosquitoes obviously differ. The oil of this plant is so heavy that a man can get his boots greased by walking through it. Although it is poison to the mosquito, it is a rich food for cattle.

Probably the grass could be planted throughout the South where the mosquito is no less dangerous than in Venezuela. But it would take years to have enough of it planted to stamp out malaria. But the South has access to a product of another plant, the bark of the cinchona tree from which quinine is made. Although almost all the world's supply of quinine comes from Java which is now in Japanese hands, the supply in the United States is sufficient to last for several years.

Quinine does not drive away the pesky mosquito like citronella. It kills the malaria parasite injected into the human blood stream by the mosquito. During the malarial season will deter the disease from taking hold. And during the malarial season will take a dose of twenty grains a day for a period of 5 to 7 days.

DORIN TO LIVE—New Orleans is Bonita Granville's home, Chicago is Jackie Cooper's, in "Synecopation." Showing Wed-Thurs., Aug. 19-20 at the Everglades theatre and Friday August 21 at the Prince theatre.

SPECTACULAR RISE OF "DANCE MUSIC IN 'SYNECOPATION'"

The development of popular music from jungle rhythms to "boogie-woogie" is built into the gripping drama and romance of "Synecopation."

With Adolphe Menjou, Jackie Cooper, Bonita Granville and George Bancroft heading its brilliant cast, the film covers the period from the early 1920's up to the present time, tying its appealing human story to its background with a wealth of

songs typical of the various eras. These songs, ranging from negro spirituals and "blues" tunes to old-time ragtime and modern swing hits, are said to be the most extensive ever presented in one picture.

Mabel Paige, New York stage actress who recently made her debut in the flickers, spoke lines in the theatre when she was four years old. (I bawled the milkman out when I was two.)

Mr. and Mrs. J. B. Elliott had as guests this week their daughter, Mrs. Cohen Blakey, and grandchildren, Bobby and Billy Blakey, of Orlando.

Mrs. C. H. Willis has returned from St. Simons Island, Ga., where she has been visiting her son-in-law and daughter for the past three months.

Farmers Co-operate With the Food for Freedom Program

Put Your Tractors and Machines In First Class Condition Immediately

- (1)—CHECK YOUR MACHINES
- (2)—ORDER NECESSARY PARTS IMMEDIATELY
- (3)—USE ONLY GENUINE PARTS

Our repair bins are well stocked with genuine IHIC repair parts—made only for International trucks, tractors and farm equipment. Each part is made as an individual unit of the machine for which it is intended; therefore it fits, wears, and is as durable as the original part itself.

Keep this superior service in mind when selecting farm operating equipment. Invest in time-tested machines that are backed by the quick, convenient service rendered by International Harvester dealers.

BE PREPARED—CO-OPERATE

Rationing Board in Pahokee Establishes New Hours for Your Convenience

Members of the Pahokee-Canal Point Rationing Board have been giving full time to their work and this week announce new hours for the future.

The office of the board will be closed to the public except during the following hours:

| | |
|-----------|--------------------|
| MONDAY | 2 p. m. to 4 p. m. |
| WEDNESDAY | 2 p. m. to 4 p. m. |
| FRIDAY | 2 p. m. to 4 p. m. |

Any business pertaining to any rationing of any commodity will be taken up during these specified hours. No rationing business will be conducted at any other time. Please do not call on members of the board at their homes, on the street or by telephone.

C. T. Santee, Don Hillier and C. C. Hull, members of the board, extend their thanks to the public for their kind co-operation during the past and seek co-operation in the future in observing the newly established hours.

Bomb

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!
